

# Bible Study Will Change Your Life!

by Pastor Jim Beyer

Bible study is life changing! It builds strong character and Christian personality. It prepares us for service to God and to man. It equips us for every kind of work. It brings us to fulfillment in life!

What is even more marvelous is that from hearing, reading and studying God's Word, we come to know Him personally and intimately as our Savior, Lord and Companion! He assures us in His Holy Word that He loves us, that He cares for us, that He is ready and able to stand with us in every storm, trial, or unpleasant circumstance. In His Word He speaks promises of how He has forgiven all our sins and is even now preparing a heavenly mansion for our occupancy in eternity.

The greatest hindrance to receiving so many blessings by studying and meditating upon the Bible is our perception that we "have no time." We let other interests and daily routine fill our schedules so that there is little or no time left. We miss out on so much!

One of the greatest and most satisfying discoveries of life comes when we make spending time in God's Word a priority. I like the way one man worked out this priority. He made himself the commitment that he would never eat breakfast until he had first read the Bible. "No Bible, no breakfast" was his motto, because feeding his soul way more important than feeding his body.

Make reading and studying the Bible your priority. Set aside time "to be with God" each day. Join a Bible class if you're not already in one. Jesus promised, "Blessed are they that hear the Word of God and keep it."

## Opportunities for... Adult Bible Study
